Creativity runs deep through Memphis, from music to murals, food to photography, the visual arts, dance, and guerilla bocce ball, among countless other cultural activities.

During the preconstruction phase of **South Main Artspace Lofts** project we will be animating the space through engagement with artists, creative entrepreneurs, and local arts organizations. A variety of creative partners will temporarily transform the space through artwork, activities or events that create a season of art and culture uniquely "Memphis." We are excited for the building to serve as a living platform for artistic expression and to offer a full season of artistic programming at the South Main Artspace Lofts!
